

Training Night - Every Tuesday night
May thru September (weather
permitting) in Northampton Park from
4:00 to 7:00 pm. Students will have an
experienced pilot by their side. The
club provides the plane and two
transmitters for this hands-on
learning experience.

Club Activities

January 1 is the annual New Year's Day Chilly Chili Fun Fly. Members bring their best chili creations and other snacks to enjoy. There is also flying if the weather cooperates.

February is the annual Mid-Winter Banquet & Roast. Includes a dinner and a chance to celebrate the past years accomplishments. The two big prizes are the "Man of the Year" and the "Broken Prop" awards.

The last full weekend in June is the annual Ray Edmund's Memorial Air Show & Fun Fly at Northampton Park. Many fliers from other clubs join the fun of relaxed flying. There is also a noon air show.

There is a monthly meeting of the membership to discuss club business and activities. Guests are always welcome. Check the RCCR website for meeting locations and times.

Many RCCR members travel to other clubs throughout the summer to participate in their fun fly events and swap meets.

Flying Fields

The field at **Northampton Park** is open to other clubs and the public. An AMA membership is all that is required and that is for the liability insurance coverage. A 2nd person or spotter is required due to the field's close proximity to an active airport. Drive-up access is closed during the winter months.

Hasman Field is located at the West Ridge Road Airport. It is on the north side of Route 104 and 1 mile west of Route 259. This is a private field for members of RCCR only. It is open year-round.
